

College of the Desert 2022 – 2023
California State University (CSU) General Education Requirements

			<p>Completion and certification of the California State University (CSU) general education pattern will permit a student to transfer from College of the Desert (COD) to a campus in the CSU system without the need, after transfer, to take additional lower division general education courses.</p> <p>GE Certification means that COD has verified that a student has completed lower division requirements for the CSU system. Certification is important. Without certification, students will be held to general education requirements specific to the CSU campus to which they transfer. GE certification is not required for transfer. Some high unit majors, for example engineering, may recommend prioritizing major preparation classes over GE certification.</p> <p>Courses in bold require prerequisites. Courses that appear in multiple areas below, can only be counted in one area. = Met/Completed = In Progress = Need to Complete</p>
